A HOUSING ANALYSIS

HOMEOWNERSHIP ADVANTAGES

TAX SAVINGS

Deduct the cost of your mortgage loan interest from your state and federal income taxes. Additionally, you may deduct a portion of your property taxes.

APPRECIATION POTENTIAL

Real estate is a good long-term investment. Over the last ten years, appreciation in the Portland Metropolitan area averaged 4.2%. Additionally, as you pay down your mortgage loan, your equity (wealth you have in your home) increases.

STABILITY

A fixed mortgage payment will not increase for 15 to 30 years, whereas area rents increased an average of 8% this year.

ANNUAL COSTS*

	Home-owner	Renter
Annual Monthly Payments (includes insurance)	\$18,008	\$18,600
Real Estate Taxes	\$251	\$0
Tax Savings/Equity Builders:

Tax Savings for Property Taxes Deduction	- \$904	\$0
Mortgage Principal Accumulation (Equity)	- \$5,297	\$0
Total Annual Costs Less Equity Gains	\$8,667	\$18,600
Appreciation on investment after 10 years:		
	\$11,400	\$0

** Costs based on median home price in Portland area, 3.5% downpayment, 30-year fixed with 3.875% interest, and average rent. Tax savings assume a 30% income tax bracket. Mortgage payment and tax savings are an estimate only and may vary depending on your personal finances/tax bracket. Consult your financial advisor for details.*

Homeowners don't move as frequently as renters, tend to volunteer in the community more, and enjoy a net worth 34 times as much as a renter.
